The SCSBC School Budget Template is based on a progressive step-by-step process and a detailed set of as for all revenue and expense categories. The expenses are segregated for instructional, administrative, development and promotion, transportation, special education, facilities, capital and financing categories. It is a highly in 24-page linked spreadsheet program, which takes into consideration all aspects of school operations.

The Budget Template is intuitive, and specific to British Columbia independent schools. It includes flexible reporting and segregation of transportation, special needs and preschool, and allocation tools for elementary and high school. The budget template is user friendly and does not require more than basic Excel experience
